

April 1, 2020

Dear Parents,

I know you are wondering if the school closure will remain in effect for the rest of the school year. We hope and pray that it will not be necessary, even as we plan for that real possibility.

Based on what Governor Newsom and the state superintendent of public schools have said, I believe we can expect St. Rose School to remain closed through the remainder of the school year. However, if we are cleared to open by the Public Health Officer and the Diocese earlier, we certainly will. Meanwhile, please consider all school gatherings, events and extracurricular activities on hold until further notice.

Although we may have been expecting this, I realize that this news is very distressing for everyone in the St. Rose School community. Be assured that our teachers will continue to refine distance learning while focusing on the most essential standards at each grade level. Please don't hesitate to contact your child's teacher about his or her individual learning needs.

Again, thank you so much for supporting your child's learning efforts. St. Rose parents and students are awesome! I can't wait until we can all be together again.

Sincerely,
Kathy Ryan
