

Dear Parents,

I am so sorry for the inconvenience this morning with the planned livestream of our school Mass. The technology had been tested on Monday and again this morning at 8:30 AM with no glitches. The issue at 9:30 AM had to do with the videographer's web host.

Our Ascension Thursday Mass was recorded and edited and is now available for viewing whenever it is convenient for your family. I sincerely hope that watching it will serve as a comforting and unifying influence for our students and families during this time of separation. Here is the link: <https://vimeo.com/421305993/8bf6209e5c>

Thank you for having your children primed and ready for Mass this morning. I am sorry it didn't work out as planned.

Sincerely,

Kathy Ryan
